

Our Prairie View 4th grade students and teachers would like to thank all our staff members, parents, family members, and citizens of our community, for your generous donations and participation to our Mini Economy as well as our luncheon and auction. The real life lessons that our students learned through this unit, plus the smiles on their faces, and the memories that were made, are simply priceless. All of this wouldn't have been possible without your donations, support, and participation. Thank you from the bottom of our hearts!
